```
graph LR; A["UGC NET CS  
Single Session · 3 hours  
· CBT"] --> B["Paper 1  
50 Qs × 2 = 100 marks"]; A --> C["Paper 2  
100 Qs × 2 = 200 marks"]; B --> D["No negative marking"]; C --> D; D --> E["Total 300 marks"];
```

The diagram is a flowchart illustrating the structure of the UGC NET CS exam. It starts with a box on the left containing the exam name and format. Two arrows lead from this box to two separate boxes representing Paper 1 and Paper 2, detailing their respective question counts and mark values. Arrows from both paper boxes point to a central box stating the marking scheme. Finally, an arrow points from this box to the last box on the right, which shows the total marks available.

Paper 1
 $50 \text{ Qs} \times 2 = 100 \text{ marks}$

Paper 2
 $100 \text{ Qs} \times 2 = 200 \text{ marks}$

No negative marking

Total 300 marks
